

KIDS PARTIES

The Studio is a flexible space and perfect for Children's Parties. It is available for room (dry) hire only, or with our catering package.

The room is located on our ground floor and overlooks the sports fields, and fits around 60 children and adults, however this does depend on the layout of tables, entertainment and decorations you have.

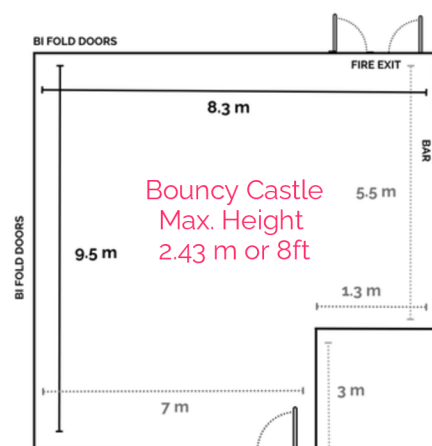

Room hire includes tables and chairs and is on a self set up basis, allowing you to choose the layout and decorate, as you wish.

If you have special requirements, would like more space or a longer duration (than our package) or entertainment, please speak to our Events Coordinators about our other function rooms, availability and for our recommended kids entertainers and DJ's.
